All proficiency and growth measures will be scored using the ISAT by SBAC, or any state-required standardized test as may replace it. Subject area (math and ELA) may be replaced by similar subject areas if necessary due to statewide changes. On all applicable measures, standard rounding to the nearest whole number will be used for scoring purposes. Measures based on ISAT outcomes exclude alternate ISAT data; as a result, the outcomes shown may differ slightly from those published on the State Department of Education's website.

al .	INDICATOR 5: COLLEGE & CAREER READINESS (GRADES 9-12)		
Measure 5a	Are students graduating from high school on time?	Points Possible	Points Earned
Four-Year Adjusted Cohort			
Graduation Rate	Exceeds Standard: The school's four-year ACGR was at least 90%.	NA	NA
	Meets Standard: The school either:		
	a) had a four-year ACGR of 80% - 89% OR	NA	NA
	b) had a four-year ACGR of at least 66% AND met its progress goal.		
	Does Not Meet Standard: The school met its progress goal but had a four-year ACGR below 66%.	NA	NA
	Falls Far Below Standard: The school did not meet its progress goal and had a four-year ACGR below 66%.		
	The school's graduation rate progress goal will be established by the state accountability system. If such goals are not established by the state accountability system in any given year, the school's graduation rate progress goal will be established as follows: The progress goal will represent the school's most recent four-year ACGR plus one-sixth of the amount of growth needed to decrease the rate of non-graduates by 50% within 6 years, using the most recent school year as the baseline year. If the school does not have baseline data, its progress goal will initially be based on the surrounding district average graduation rate.		
Notes	Graduation rates are calculated on a 4-year-plus-summer cohort; for this reason, data availability will always run one year behind (that is, annual reports will contain graduation rate data from the cohort preceding the most recent school year. For example, 2015-16 ACGRs will be reflected in 2017 reports.)		
	The 66% "floor" established by the bottom two categories is based on ESSA's mandatory inclusion in Targeted Support of any school that graduates fewer than 2/3 of its students on time.
